REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art has failed to suggest either singly or in combination a novel shower chair. The applicant has disclosed the use of a pair of handrails, each formed with a hand grip, an insertion member having an upper end connected to the hand grip and a lower end connected to a cylindrical member of a length equal to or shorter than the distance between opposed connecting tubes of each pair of connecting tubes. The cylindrical member having an opening sized to receive a horizontal segment of one of a respective backrest support tube. The insertion member of the handrail being inserted through one of a respective elongated slot within the seat so that the cylindrical member is disposed between and aligned with an opposed connecting tube. The applicant further shows, the horizontal segment of one of the backrest support tubes being inserted through the opposed connecting tube and the cylindrical member therebetween whereby to secure the handrail to the seat.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Reference Nos. 6,122,776, 6,105,183, 6,039,403, and 5,887,297 show features of the claimed invention.
